

Hi Families,

We'd love to give you a heads-up about Sunday to make it as easy as possible for you and your family to attend church at the moment.

We have added services so that our whole church family can attend on a Sunday; however, we will be running the full kids program for the 8:30am and 10:15am services only.

Childminding for Prep – Year 6 is available at the 4:15pm service.

If you choose to attend the 12pm or 6pm service you will need to keep your children with you in the service.

RSVP your Service

Remember to book yourselves AND your children before Sunday into your chosen services via the email or citipointechurch.com website. This will ensure a space is allocated to your child as room numbers are capped.

Arrival

Sign In and Pick Up of children will look a little different to ensure our room capacity limits are not exceeded. When you arrive on Sunday please make your way to the Kids Check-In on the lower mezzanine level via the outdoors pathway beside the lower playground. Members of our amazing Kids Team will check your child in ensuring that you will not need to touch a shared computer

To help with keeping people numbers to a minimum on the mezzanine level we ask that only one parent checks in children please.

Following check-in, please make your way back to the foyer via the internal stairs so that you can be checked into the main service.

Pickup

At the end of the service an announcement will be made from the church platform directing you to the appropriate pickup area. This will be based on room numbers and may change week to week.
